Behaviour Contract
Year 10 Interstate Trip 2016

Students are reminded that normal school rules and expectations will apply on the trip. The consequences of students behaving inappropriately may see a student sent home by plane and parents required to pay for the airfare. We don’t envisage that this action will need to be taken but please discuss this with your child. The reason for this approach is to ensure that all students have a positive experience and enjoy the trip. It would not be fair for one student’s poor behaviour to ruin the trip for the rest of the group.

Trip staff will be vigilant in supervising students. However, it is important to note that there will be times when students will not be fully supervised. For example, students will be given up to 2 hours to go shopping in Adelaide with their friends. Staff will be in the vicinity but will not be able to actively supervise all students. If you have concerns regarding this arrangement please contact Mrs Karen Kidd and we can work out arrangements for this activity.

Examples of behaviour for which there will be zero tolerance and will usually involve the student being sent straight home at the parents’ expense include:

- Entering the sleeping zones of the opposite sex
- Dangerous behaviour on transport and at activities
- Wilful disobedience of reasonable instructions
- Bullying behaviour towards others on the trip

Other ongoing negative behaviours may also result in a student being sent home at the parents’ expense. This exclusion would occur after prior notice to the school and/or parent/guardian.

Please discuss this information with your child and upon agreement to the terms of behaviour on the trip sign and return the form to Teagan West.

Kind regards

Karen Kidd
Year 10 Trip Coordinator
